Reflection of Learning Document and Self-Assessment (Obligatory task)

Reflection of Learning Document and Self-Assessment Rubric

Your *Reflection of Learning Document* (1 page of A4) includes your thoughts, opinions and critical reflection of your own learning strategies in and out of class. It must be written in English and I will help you. This document is part of your Portfolio.

It is your chance to think about:

- what you have done,
- what you normally do,
- your progress so far
- how you can improve your learning strategies to achieve greater progress in future
- what you want more (or less of) in the lessons

Please ask me for help if you are unsure how to start this.
